

**William M. Parker**  
**Chief Operating Officer**  
**Salient Federal Solutions**

William M. Parker, Chief Operating Officer, brings over 25 years of senior-level executive expertise to Salient Federal Solutions in government technology services industry, and oversees Salient's four operating groups as well as business development marketing and sales.

Mr. Parker was formerly the Chief Operating Officer of NCI Information Systems, Inc. He joined NCI in 2007 following its acquisition of Karta Technologies, Inc. He remained at NCI until 2010 when he left to join the Salient management team. At NCI, Mr. Parker managed all company operations. During his term in top management at NCI the company's value increased by over 90%. He previously served as the President of Karta, as well as a member of its board. Prior to Karta, Mr. Parker was the President of Pinkerton Computer Consultants, Government Solutions, a company acquired by Kforce. Following the acquisition, he was appointed President of Kforce Federal Solutions. Mr. Parker also served as the CEO of Crosswalk.com, a publicly traded company (NASDAQ/national market).

Mr. Parker has an extensive background in government technology services. Specifically, he served as Executive Vice President at CACI International, Inc. where was responsible for CACI's information technology business group and played a key role in six of CACI's acquisitions. During his tenure with CACI, he was also the Director of Business Development, Marketing and Sales.

Mr. Parker is a graduate of the U.S. Naval Academy and served in the U.S. Navy for six years.
