

Michael E. McKelvy

President, Government, Environmental & Infrastructure (GEI) Division

Michael McKelvy is President and Chief Executive of CH2M HILL's Government, Environmental & Infrastructure Division. Currently, he has operations and leadership responsibilities for the division including the Government Facilities & Infrastructure, Environmental Services, Nuclear and Transportation Business Groups. As part of CH2M HILL's Joint Leadership Council, Mr. McKelvy supports the firm's leadership in sustainability, ethics, safety, quality and diversity, and serves as executive sponsor for CH2M HILL's Harambee African American affinity group.

Since joining CH2M HILL via the Lockwood Greene acquisition in 2003, Mr. McKelvy has served as President and Group Chief Executive for the Industrial Client Group and President for the Manufacturing and Life Sciences Business Group. Between 1988 and 2003, he served in a variety of roles for Lockwood Greene such as the Geschäftsführer for Lockwood Greene GmbH in Germany and Director of Southeast and Southwest US Operations.

Mr. McKelvy has project execution and construction experience world-wide in over 20 countries and in such industries as Life Sciences, Electronics, Manufacturing, Foods & Beverages, Consumer Products, Chemicals, Metals, and Automotive. In addition he has experience in the DOE, COE, DOD and NRC government sectors.

Previous Experience

Prior to his association with Lockwood Greene, Mr. McKelvy served 7 years with C. H. Guernsey & Co. in Oklahoma City as Project Manager and Project Architect focusing primarily on projects for the COE, REA and DOD. Prior to Guernsey, he worked in Shreveport, Louisiana for AAM Architects for 4 years.

Professional & Civic Affiliations

A native of Shreveport, Louisiana, Mr. McKelvy is active in various civic and business organizations. He is a Registered Architect in 30 states and an active member of multiple professional societies and organizations.

Education & Board Experience

Mr. McKelvy received a bachelor's of science in environmental design from Oklahoma University, and a bachelor's of architecture from Louisiana Tech University.

Currently he serves on the CH2M HILL Board of Directors since 2009 and serves on various board committees. He is also Chairman of the Board for CH2M HILL's CWI and PRC DOE Environmental Management remediation JV companies at the Hanford and Idaho sites.
