*****MEDIA ADVISORY*****

PSC Hosts Aug. 15 Webinar on Government Shutdown and CR

WHAT: Unless full Fiscal Year 2019 appropriations are enacted before Sept. 30, some or all of the government will have to be funded temporarily under a Continuing Resolution (CR) or risk a shutdown of all but essential operations. Both scenarios present unique challenges and specialized rules for federal contractors, and it is essential that companies understand the implications and take proactive steps *now* to be prepared. ***Media are invited to join PSC on Aug. 15 at Noon for a webinar to learn what companies should do before, during, and after a CR or government shutdown.***

Topics include:

- How should companies adjust strategy, execution, and communication under a CR?
- What should companies ask their customers, and what should companies tell their employees, and when?
- What actions should a contractor take to prepare for a government shutdown?
- What must a contractor do if a shutdown occurs?
- What actions are necessary after a shutdown?

WHEN: Wed., Aug. 15, 2018

Noon - 1:30 p.m.

FEATURED SPEAKERS:

- ***David J. Berteau, PSC President and CEO***
- ***Alan Chvotkin, PSC Executive Vice President and Counsel***

REGISTER: This webinar is intended for companies who do business with the federal government, but interested media are invited to participate. Please email PSC Media Relations Director [Ashlei Stevens](mailto:stevens@pscouncil.org) to confirm your attendance ***by Noon, Aug. 14.***

###

About PSC: PSC is the voice of the government technology and professional services industry. PSC's nearly 400 member companies represent small, medium and large businesses that provide federal agencies with services of all kinds, including information technology, engineering, logistics, facilities management, operations and maintenance, consulting, international development, scientific, social, environmental services, and more. Together, the trade association's members employ hundreds of thousands of Americans in all 50 states. Follow PSC on Twitter [@PSCSpeaks](https://twitter.com/PSCSpeaks).
