Northern Virginia Chamber, PSC Announce 2018 Greater Washington Government Contractor Awards™ Finalists

Winners to be Announced Live at 16th Annual Awards Gala Nov. 5 at 5:30 p.m.

Tysons, Va. –The [Northern Virginia Chamber of Commerce](#) (Northern Virginia Chamber) and the [Professional Services Council](#) (PSC) have announced finalists for the 16th Annual Greater Washington Government Contractor Awards™, the premier awards event for the Washington area government contracting community. The winners of the most prestigious awards in the industry will be named at a Nov. 5 gala at The Ritz-Carlton Tysons Corner.

In addition to recognizing the best-in-class among the government contracting industry, the awards also honor public sector leaders who have done the most to promote effective partnerships between the sectors, through the annual Public Sector Partnership Award. This year, that recognition, presented by Raymond James, will go to **The Honorable Susan M. Gordon, Principal Deputy Director of National Intelligence (PDDNI) Office of the Director of National Intelligence.**

In addition, **George J. Pederson**, Executive Chairman and Chairman of the Board ManTech International will be inducted into the Greater Washington Government Contractor Hall of Fame. Both will be honored at the Nov. 5 dinner.

In keeping with the program's history of identifying a charitable partner, the 2018 Charity Partner is Luke's Wings, an organization dedicated to the support of service members who have been wounded in battle. Recognizing the immediate need for families to be with their loved ones at such a difficult time, Luke's Wings provides families with the means to visit during the service member's hospitalization and rehabilitation. By purchasing travel agency services and travel tickets for loved ones, Luke's Wings provides an immediate and invaluable service to the families of our men and women at arms while also helping to encourage and motivate the service member's recovery.

The Program of the Year, introduced in 2014, will represent the most successful contracted program chosen from among the finalists of all four Contractor of the Year categories, which are grouped by annual revenue of up to \$25 million, between \$25 and \$75 million, \$75 to \$300 million and greater than \$300 million. The winner was recommended by the judges for the program's combination of mission achievement and customer recognition and will be presented on Nov. 5 at the awards.

Presented annually, the 2018 Gov Con awards honor the leadership, innovation and commitment to the excellence of the individuals and businesses in the region's government contracting sector.

Four Contractor of the Year and three Executive of the Year awards will be presented. This year's finalists for Contractor of the Year and Executive of the Year are:
